

Caltrain Hillsdale Station Southbound Platform Closure

Dear Caltrain Neighbor,

As San Mateo's 25th Avenue Grade Separation Project progresses toward its goals to improve safety, and reduce traffic congestion and train horn noise, there will be some upcoming impacts. Due to COVID-19 and shelter in place, train service has been reduced; therefore, **starting this Friday, April 10, 2020**, trains will single-track through the Hillsdale Station. This will allow for the removal of the southbound platform, which will close east/west pedestrian access through the station. Riders can continue to access trains from the northbound platform.

Construction crews will also start shifting track, as well as construct a tie-in, and work on the new Hillsdale Station. Construction hours will be from 7:00 a.m. to 6:00 p.m. Thank you for your patience while this work occurs.

Please note Hillsdale Station will temporarily close due to construction on May 16, 2020. Visit www.caltrain.com/HillsdaleTempClosure for more information.

How to Stay Informed

Caltrain offers a weekly notice for those interested in the latest construction activities. To sign-up for the weekly construction notice or for more information visit www.caltrain.com/25thgs.

For questions about the project, please call the Caltrain Customer Service at 800.660.4287 or email SMGradeSep@caltrain.com.

About the 25th Avenue Grade Separation Project

Caltrain, in cooperation with the City of San Mateo, is improving safety, traffic flow, and reducing train horn noise in the City. The project will separate the railroad tracks from the road at E. 25th Avenue, create two new east-west connections at 28th and 31st Avenues, and build a new Hillsdale Station with updated amenities to better serve the community.
