

25th Avenue Grade Separation Project

Construction at E. 28th and E. 31st Avenues (Between S. Delaware Street and Railroad Tracks)

Dear Caltrain Neighbor,

As San Mateo's 25th Avenue Grade Separation Project progresses towards its goals to improve safety, and reduce traffic congestion and train horn noise, there will be an upcoming impact. On Monday, May 18, 2020, crews will begin mobilizing to lower the roads at E. 28th and E. 31st Avenues, between S. Delaware Street and the railroad tracks. This will bring the project one step closer to creating the long-awaited east-west connections for pedestrians, cyclists, and vehicles.

Construction hours are 7:00 a.m. to 5:00 p.m. and activities will begin with the removal of asphalt, excavation, and shoring. Crews will then install rebar, create forms, pour, and strip the forms. Work will begin at 28th Avenue and then progress to 31st Avenue with each completed activity. The sidewalk on S. Delaware Street will remain open. This work is anticipated to occur over approximately eight months. Please note unintended schedule changes do occur, and we thank you in advance for your patience.

How to Stay Informed

Caltrain offers a weekly notice for those interested in the latest construction activities. To sign-up for the weekly construction notice or for more information visit www.caltrain.com/25thgs. For questions about the project, please call the Caltrain Customer Service at 800.660.4287 or email SMGradeSep@caltrain.com.

About the 25th Avenue Grade Separation Project

Caltrain, in cooperation with the City of San Mateo, is improving safety, traffic flow, and reducing train horn noise in the City. The project will separate the railroad tracks from the road at E. 25th Avenue, create two new east-west connections at 28th and 31st Avenues, and build a new Hillsdale Station with updated amenities to better serve the community.
