

Lowering of E. 31st Avenue Starts September 21, 2020 Upcoming Construction Impact

Dear Caltrain Neighbor,

As San Mateo's 25th Avenue Grade Separation Project progresses toward its goals to improve safety, and reduce traffic congestion and train horn noise, there is an upcoming construction impact we wish to make you aware of:

- Starting September 21, 2020, Crews will begin to lower the road at E. 31st Avenue between the railroad tracks and S. Delaware Street. Activities include mobilization and excavation. Please note there may be more truck traffic on Pacific Boulevard/S. Delaware Street (access from El Camino).
- As early as October 1, 2020, crews will begin to install soldier piles. This necessary stage of the project will involve drilling, rigging, and a concrete pour. Neighbors may experience noise during these times. **The soldier piling is anticipated to take one month.**

Works hours will be from 7:00 a.m. to 5:00 p.m. Please note unintended schedule changes do occur, and we thank you in advance for your patience. These activities will bring the project one step closer to creating the long-awaited east-west connections for pedestrians, cyclists, and vehicles in the City of San Mateo.

How to Stay Informed

Caltrain offers a weekly notice for those interested in the latest construction activities. To sign-up for the weekly construction notice or for more information visit www.caltrain.com/25thgs. For questions about the project, please call the Caltrain Customer Service at 800.660.4287 or email SMGradeSep@caltrain.com.

About the 25th Avenue Grade Separation Project

Caltrain, in cooperation with the City of San Mateo, is improving safety, traffic flow, and reducing train horn noise in the City. The project will separate the railroad tracks from the road at E. 25th Avenue, create two new east-west connections at 28th and 31st Avenues, and build a new Hillsdale Station with updated amenities to better serve the community.
