

25th Avenue Grade Separation Project

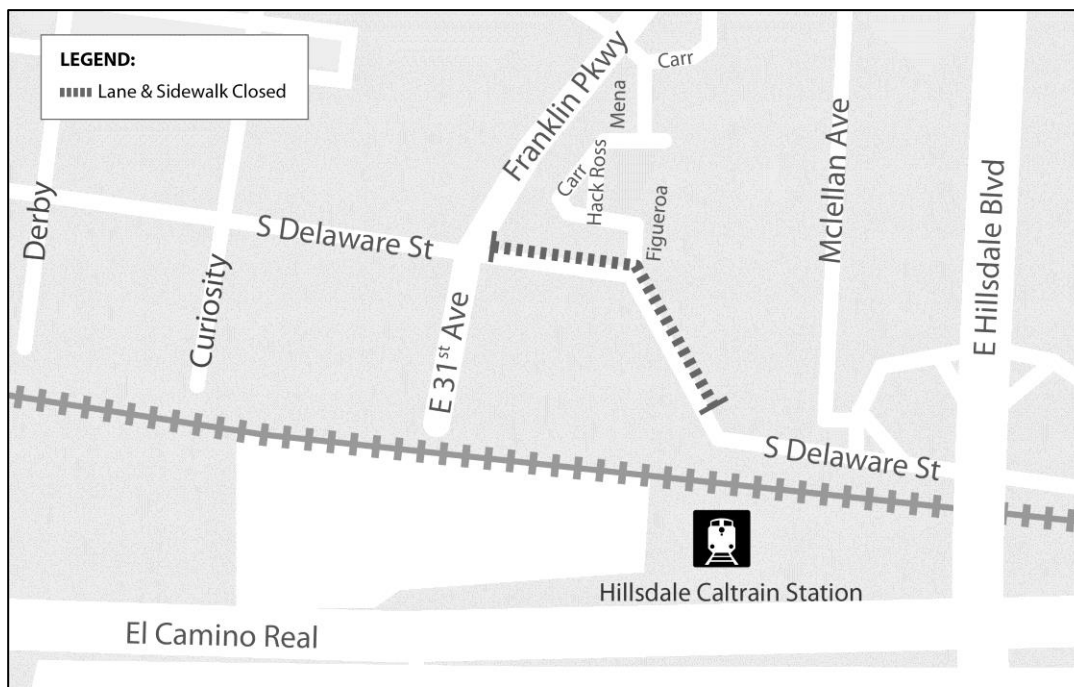

Storm Drain Installation

Dear Caltrain Neighbor,

Thank you for your patience during the ongoing construction work for the 25th Avenue Grade Separation Project that will improve safety for motorists and pedestrians. Starting in early/mid-November, there will be a lane closure on S. Delaware from 31st Avenue to Pacific Boulevard. (This will occur after PG&E finishes their 24/7 road closure on Pacific Blvd.) Crews will install a new storm drain and construction activities include removing the sidewalk; excavating; installing the storm drain pipe and drainage inlets; making a handful of connections to the existing manholes located on S. Delaware; and restoring the road and walkway. Partial sidewalk and lane closures, as well as parking restrictions will occur in this area of work.

Work hours will be from 7:30 a.m. to 4:30 p.m., Monday through Saturday. There will also be one week of intersection closure at S. Delaware and 31st Avenue in December. The storm drain work is anticipated to be complete by the end of the year. Please note the construction schedule is subject to change.

The 25th Avenue Grade Separation Project will raise the tracks and slightly lower the road (grade separate) at E. 25th Avenue in San Mateo. Caltrain, in cooperation with the City of San Mateo, is implementing the project to improve safety for both motorists and pedestrians, and to reduce traffic congestion and horn noise. In addition, the project will complete east-west street connections at 28th and 31st Avenues and build a new elevated Hillsdale Station with updated amenities at E. 28th Avenue. For more information or to sign-up for the weekly construction notice visit www.caltrain.com/25thGS. For questions about the project, please call the Caltrain Construction Hotline at 650.508.7726 or email SMGradeSep@caltrain.com.
