Dear Caltrain Board of Directors,

There is no information about Caltrain staff on the website. There needs to be a staff directory, with names, E-mail addresses and office phone numbers. Other than the board of directors, no leadership of the organization is even named! This should not be allowed for a public agency. If I contact Caltrain, I have to provide personal information, which goes on the public record, but the people who work for Caltrain are allowed to remain anonymous to the public they serve. This is unacceptable and needs to change.

Yours,

Jonathan Erman

Dear Congresswoman Eshoo:

I'm writing to thank you for supporting Caltrain and requesting funding for our Safety Fencing Project as one of your limited number of requests from the Appropriations Committee.

We are grateful for your support and all of your work at the federal level to support public transit and our priorities for safety, service and electrification. The Safety Fencing Project will address an important community safety issue and advances our vision of a secure corridor benefitting communities in your district and our greater region.

Your continued support is critical to Caltrain's ability to improve safety on our corridor and to achieve our goals in a number of other areas. We deeply appreciate your help and look forward to staying in touch on this and other issues and projects as they move forward.

Sincerely,

Dear Congresswoman Speier:

On behalf of Caltrain, I'm writing to thank you for supporting our system and requesting funding for our Safety Fencing Project as one of your limited number of requests from the Appropriations Committee.

We are grateful for your support and work at the federal level to support public transit and our priorities for safety, service and electrification. The Safety Fencing Project will address an important community safety issue and advances our vision of a secure corridor benefitting communities in your district and our greater region.

Your continued support over the years has been essential to Caltrain's ability to improve safety on our corridor and achieve our goals across a range of other areas. We deeply appreciate your help and look forward to staying in touch on this and other issues and projects as they move forward.

Sincerely,
