

CALTRAIN ELECTRIFICATION

SANTA CLARA STATION PARKING STALL CLOSURE NOTICE | March 2020

UPCOMING ACTIVITIES AND CLOSURE

Beginning **March 18**, Caltrain electrification crews will temporarily close parking spaces #270-#290 in the south parking lot of the South Bay Railroad Historical Society Museum in order to perform trenching work as part of the Caltrain Electrification construction activities at the Santa Clara Station.

The temporary parking closures will last from **March 18 to March 25, 2020**.

The Caltrain parking lot, museum access road and the east parking stalls in the Railroad Historical Society Museum parking lot will remain open during construction.

A map of the temporary parking stall closures is provided on the back of this notice.

CONSTRUCTION ACTIVITIES

The anticipated construction activities during this time will be for the removal of existing asphalt and concrete. Work will consist of demolition, excavation, and removal. Crews will utilize excavation equipment, pneumatic hammers, and dump trucks for removal.

Work will take place during the weekdays between 7 a.m. and 3:30 p.m. The Railroad Museum parking lot will remain open however, the construction area will remain closed to the public 24/7.

PROJECT OVERVIEW

Caltrain Electrification, scheduled to be operational by 2022, will electrify and upgrade the performance, operating efficiency, capacity, safety and reliability of Caltrain's commuter rail service.

Caltrain Electrification is a key component of the Caltrain Modernization Program and consists of replacing diesel-hauled with an electric train system for services between Fourth and King Street Station in San Francisco and the Tamien Station in San Jose. The project will include the installation of new electrical infrastructure and the purchase of electric trains.
