

# CALTRAIN ELECTRIFICATION

## SANTA CLARA STATION PARKING STALL CLOSURE NOTICE | February 2019

### UPCOMING ACTIVITIES AND CLOSURE

Beginning **February 4**, Caltrain electrification crews will temporarily close parking spaces #256-269 and #277-290 in the southern portion of the Santa Clara Station parking lot as part of the construction staging activities at the Santa Clara Station.

The parking lot will be temporarily fenced off in order for crews to install a staging area to support this construction. The temporary parking closures will last from **February 4 until late summer 2019**.

A map of the temporary parking stall closures is provided on the back of this notice.

### CONSTRUCTION STAGING AREA

Construction crews will stage materials and equipment between the Santa Clara Station and the College Park Station in San Jose. Staging will start in early February with construction occurring over a 6-8-month period. Construction staging will occur along the Caltrain right-of-way south of the Santa Clara Station.

Activities will include loading and unloading of construction train cars and equipment and will require the use of trucks, loading of construction trains and occasional use of backup alarms. Work will occur during the day and night, with night work hours occurring between 7 p.m. and 5 a.m.

**WE APOLOGIZE FOR ANY INCONVENIENCE THIS MAY CAUSE.**

### PROJECT OVERVIEW

Caltrain Electrification, scheduled to be operational by 2022, will electrify and upgrade the performance, operating efficiency, capacity, safety and reliability of Caltrain's commuter rail service.

Caltrain Electrification is a key component of the Caltrain Modernization Program and consists of replacing diesel-hauled with an electric train system for services between Fourth and King Street Station in San Francisco and the Tamien Station in San Jose. The project will include the installation of new electrical infrastructure and the purchase of electric trains.

### CONTACT INFORMATION

Caltrain has established a project information line and project e-mail for Caltrain Electrification to respond to questions and comments from residents and stakeholders.

The project information line can be reached at **650.399.9659** or toll free at **800.660.4287**.

The project e-mail is [calmod@caltrain.com](mailto:calmod@caltrain.com)

**In addition, Caltrain has established a community outreach office at:**

2121 S. El Camino Real  
Suite A-100  
San Mateo, CA 94403

A project representative will be available to answer questions in person from 9:00 a.m. and 5:00 p.m. Mondays through Fridays during construction.
