4	David Tuzman	Look into service at Stanford when there are concerts/events at Frost Amphitheater - the venue capacity is 8K. The Chair explained some of the differences serving events at the stadium and the amphitheater. Ultimately said that would be a Caltrain decision.	C. Kwok	6/21/23	7/19/23	Caltrain has not received requests to provide service at Stanford Station for events hosted at Frost Amphitheater. The lack of infrastructure and requirements for staffing to ensure safe boarding does not add value to the customer considering the distance from the Frost Amphitheater to the Stanford Caltrain Station is the same as the Palo Alto Caltrain station. Staff will continue to monitor the location and may make adjustments in the future if the conditions changes.
