

Millbrae: Wayfinding Update

Caltrain Bicycle & Active
Transportation Advisory Committee

July 20, 2023

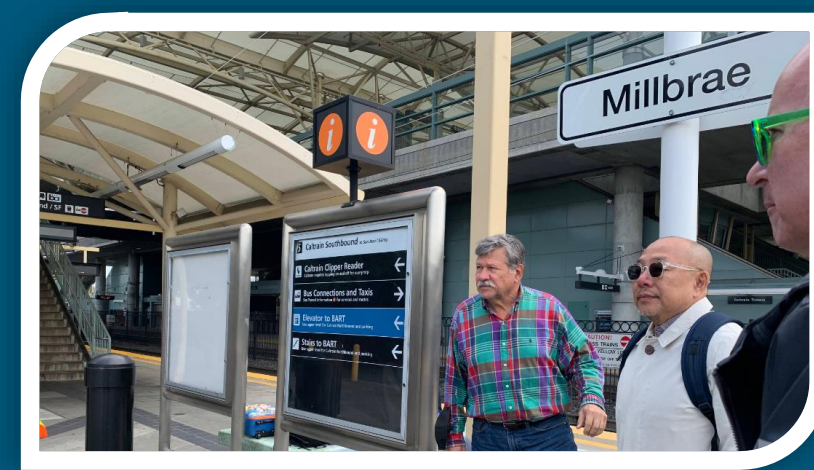

New Signage

- 47”x47” display cases now have updated and consistent visual language for improved wayfinding.
- Wayfinding signage for Caltrain Clipper readers updated.
- Elevators easily **identifiable in blue**.
- Permanent decals (arrows, labels) have been installed on the concourse level for easier wayfinding.
- The 511 displays on the concourse level now have more concise information about arriving trains and buses.

Future Improvements

- Quarterly sync established between Caltrain and BART staff – next meeting is Monday, July 24th.
- Working to synchronize train schedules as closely as possible for upcoming regular service change on September 25th; working with BART to synchronize electrification project schedule.
- Long-term (2-year) plan to demolish kiosk and improve large-format digital signage still in play; awaiting funding. [JOINTLY DEVELOPING COMPREHENSIVE LONG TERM WAYFINDING IMPROVEMENTS AND UPGRADES]
