

# Executive Director Report

# Electrified Service Celebrations!

# By the numbers

- Over 16,000 RSVPs
- 20 events, at least one in every city from San Francisco to Gilroy
- 50+ community / performing arts orgs participated
- Largest ridership weekend in 2024
- 100+ Volunteers

# Staff Thank You!

- Peninsula Corridor Electrification Project Team
- Caltrain Operations and Maintenance
- Caltrain Safety and Security Department
- Communications Department
- Caltrain Planning Department
- Caltrain Design and Construction
- Caltrain Commercial & Business Department
- Finance Department
- HR Department
- Sister organizations

# Revenue Service Observations

- Traction Electrification System operating as designed
- No significant Electric Train issues. Minor issues being tracked and addressed.
- Vandalism (OCS and impendence bond) during first week led to significant delays. Taking steps to strengthen safety and security of corridor.
- Heat restrictions: reduced speed and inspections

# Rail Safety

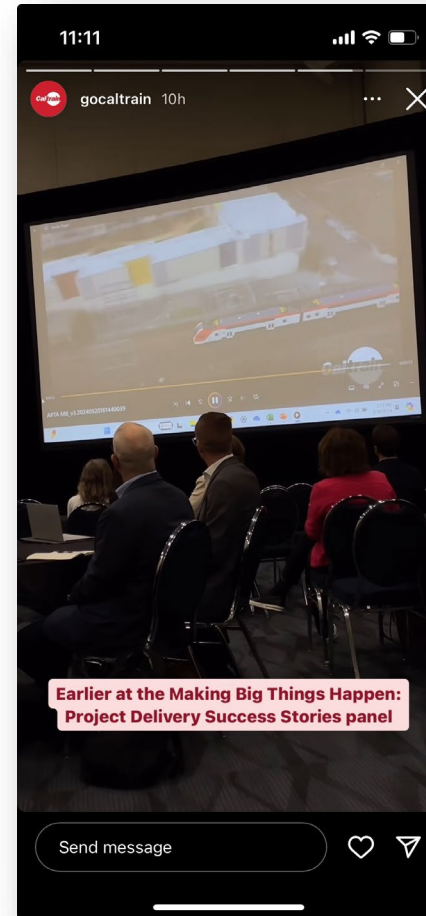

September Rail Safety Month:

- Additional Public service announcements, educational campaigns,
- Crossing blitz with Transit policy (9/24):
  - Broadway: 31 citations
  - Churchill: 9 citations

Overall, inflection point with new system and program approach to near term solutions at crossings

# APTA Conference

# Regional Measure

- Oct 21, 2024: MTC Select Committee Approval (Planned)
- Multiple proposals under discussion
- Board feedback venues: AMP, Full Board, Ad Hoc, written updates
