# Equity in Infrastructure Project Pledge

- The **Equity in Infrastructure Project** (EIP) is a national, non-profit led initiative to increase the number of contracts going to Historically Underutilized Businesses (HUBs) and Disadvantaged Business Enterprises (DBEs) for infrastructure projects.
- The EIP pledge has 74 signatories and growing, including peer commuter railroads.

# Equity in Infrastructure Project Pledge

- The EIP pledge demonstrates Caltrain's commitment to increasing the number of HUBs and DBEs, including prime contractor opportunities.
- Caltrain would also commit to streamlining the HUB and DBE process, collecting and sharing data on utilization, and expanding the number of EIP pledge signatories.
- The EIP pledge does not conflict with existing federal, state or local contracting program requirements.
- The EIP pledge aligns with Caltrain's equity and inclusion goals.
